CONSIGNMENT O.E.A.

U. S. HALF CENTS

1 **1793 The first year of issue.** A strong Very Good, the date weak. The reverse is very close to Fine. Rare

2 1794 The obverse is a strong Good, the reverse Fair.

3 **1795 Plain edge, no pole.** Fine, perfectly centered with wide milled borders, reverse die-break. Date is weak. Probably struck on a cut-down large cent planchet because it is twice as thick as a regularly seen Half Cent of similar vintage. Very unusual!

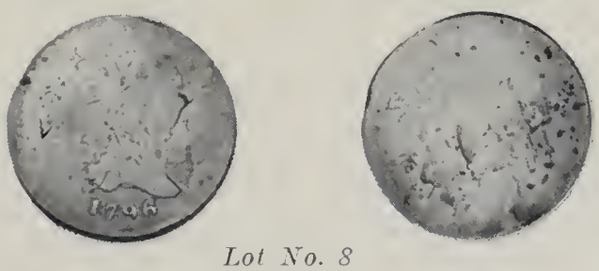

4 1795 Plain edge, no pole. Very Good, date weak and correspondingly so on the reverse. An attractive coin.

5 1795 As above. Very Good, surface a trifle rough.

7 1795 Plain edge, punctuated date. The obverse a strong Good, reverse Fair.

Lot No. 687

687 **1918/17 'D'.** This coin is from the Charles L. MacKenzie Public Auction Sale, sold by us in October 1965. It was described as follows: "1918/17 'D'. The rarest Buffalo Nickel and the rarest 20th Century overdate. This coin is Brilliant Uncirculated, having been expertly cleaned many years ago, and presently has delicate golden toning. It has all of its mint lustre and only under close scrutiny can one tell that it was cleaned. The entire coin is well struck and the overdate is sharp and readily discernable without the use of magnification. The coin currently catalogs at $4,250.00 but considering that almost all major collections sold in the last two decades were lacking an example of this rarity, in comparable condition, it is conceivable that this specimen could realize more " The coin realized $3,500.00 at that sale.
